Antimicrobial Medical Keyboard, black, USB

Features and Benefits

A Medical Grade Washable, Antimicrobial IP68 desktop full size keyboard. Fully submersible, washable, antimicrobial plastics with silver antimicrobial technology. Spill safe, easy cleaning. Dishwashers save!

Main benefits are:

- Completely sealed, washable and 100% waterproof (IP68).
- Silver Antimicrobial protection virtually eliminates harmful bacteria and protects between washings.
- Resistant to chemicals and disinfectants.
- World's only fully submersible, antimicrobial, true type keyboard.
- Washable USB cover.
- Laser-etched keys will not fade from washing.
- Extended cord length optimized for medical carts.
- Retractable feet reduce the risk of Carpal Tunnel Syndrome.

Dirt & Water resistant; protects against:

Water	Solvents	Salt Water
