Indu BasicOne desktop keyboard, grey, USB

Features and Benefits

A Compact industrial, medical, IP68 silicone desktop keyboard. Fully submersible, washable, silicon rubber keyboard. Spill safe, easy cleaning. Its construction type and easy handling make the BasicOne an essential basis in areas sensitive to hygiene such as medical practices, hospitals and clean rooms. This keyboard also meets all requirements for the human-machine interface in the industrial sector such as the chemical industry, food industry, print house or laundry.

- Underwaterproof
- Rugged construction for reliable functionality
- Special Dura-coating for excellent mechanical and chemical resistance
- Positive tactile feedback
