### Compact Sterilizable Key Membrane Keyboard, white or black, USB

#### Features and Benefits

A compact medical Notebook style desktop keyboard with replaceable silicone key membrane for steam sterilization. Particularly designed for use in healthcare applications. The removable silicon membrane protects the key field against ingress of dirt and fluids. Easy cleaning; disinfection by spray/wipe sanitizing and surface/membrane sterilization for clinic disinfection by steam pressure processing. With low force key actuation and precise key guidance. Highly recommended for heavy duty type writing in hygiene-critical environments, particularly for office and administration applications.

- Replaceable key membrane for clinic disinfection by steam pressure processing
- Touch proof disinfection of the surface of the keyboard body by spray/wipe sanitization
- Clean Function allows for disabling the keyboard during cleaning ("Fn"+"Clean")
- Easy cleaning surface with most common hospital disinfectant solutions
- Positive low force tactile feedback
- Surface disinfection instead of invasive submersion cleaning:
  - ✓ Avoids outer and inner re-contamination by polluted suds
  - ✓ No risk of germ transmission by fluids leaking or dripping off the product
  - ✓ No contact with hollow spaces

#### Specifications

<b>Protection Level</b>	Splash water and dust resistant
<b>Power</b>	Input +5V + 5%/- 10% through USB port
<b>Key Layout</b>	83 keys, US lay out
<b>Key Switch Technology</b>	Scissors Balancing key guidance with contained contact system
<b>Button Life</b>	>5 million strokes
<b>Interface</b>	USB 2.0 (1.2MBit), low power (<100mA) current consumption
<b>Key Force /Travel</b>	Approx. 2,5 +/-0,5 mm
<b>Dimensions</b>	282 x 132 x 25 mm
<b>Weight</b>	540 g (w/o packaging)
<b>Color</b>	Black or white
<b>Material</b>	Silicone rubber key removable cover, plastic housing
<b>Operating temp. range</b>	0°C to +70°C
<b>Storage temp. range</b>	-40°C to +70°C
<b>Compatibility</b>	All operating systems supporting USB keyboards
<b>Key Membrane cover</b>	Silicon, up to 120°C
<b>LED status indicators Available</b>	Caps Lock, Num Lock, Scroll Lock, Clean Function: all 3 LEDs flashing Replacement key membrane, on request
<b>Agency Approvals</b>	CE, FCC, RoHS
