

# Article #: 201-126/-127 ReallyCool Touch keyboard with touchpad, grey or black, USB

## Features and Benefits

A Medical Grade sealed, compact IP68 desktop keyboard with touchpad. Fully submersible, washable, disinfectable high (industrial) quality keyboard with superior tactile feedback and quiet keys.

### Main benefits are:

- Completely sealed, washable and waterproof (IP68), with integrated touchpad.
- Locking Key for easy cleaning and Cleaning Reminder Key.
- No moving parts to minimize failures.
- Tactile feedback similar to standard keyboard.

### Cleaning instructions:

- Clean the surface of the product by wiping, brushing or spraying. Use only rags, sponges or soft bristle brushes. DO NOT place the USB connector into the fluid!
- Either wipe with dry cloth or allow to air dry.
- Keyboard can also be rinsed. After cleaning, drain, and turn upside down on dry towel and allow to air dry.
