

Article #: 201-226 /-227 Petit Mouse, USB, grey or black

Features and Benefits

A waterproof (IP68) and disinfectable Compact Mouse with scroll-wheel functionality. This medical grade, waterproof, hygienic optical mouse is specially designed for use in medical, industrial and marine applications. The Petit Mouse has three extra buttons that work as a scroll wheel. Which allows you to scroll up, down and scroll lock, mimicking the abilities of other mice without sacrificing germ or infection control. Easy to clean with alcohol, 10% bleach solutions or other chemical solutions. Be efficient without compromising cleanliness with the Petit Mouse.

- **Suitable for moist and dusty climates; spill safe, easy cleaning**
- **Good to the touch ergonomic design**
