

Article #: 401-010 t/m -011 Cool-N-Pad black or white, USB

Features and Benefits

The Cool-N-Pad is a waterproof flexible number pad that is easy to wash and great to type with. The sealed silicone keys make wiping breeze since there are no gaps or seams for germs to hide. Great for accounting or calculations, this device will work with your Windows or Mac machine with no problem.

This tiny number pad connects via USB and can be washed with most FDA approved disinfectants, including a 1:10 bleach solution.
